

# Archery Tag<sup>®</sup> "It's A Hit!" Tag

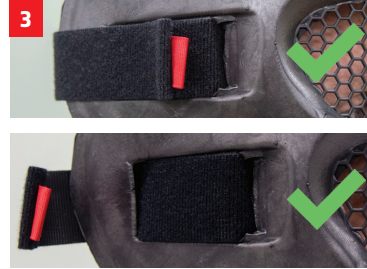

## THE MAVERICK™ MASK USER'S GUIDE

**1**  
**Pull out the strap and slide the mask over your head.**  
Do not remove the strap from the loop. Make sure the strap is behind your head.

**2**  
**Move the strap tail across the back of your head and secure it to the Velcro.**  
*Do not tuck the strap tail in the strap pocket of the mask.*

**3**  
**When the strap is fastened to the Velcro to fit the player, with smaller heads there will be more of the strap tail left hanging.**  
The tail can be left hanging or wrapped around and secured to the side Velcro if no player number is present.

**4**  
**To remove the mask, simply pull on the strap so it disengages from the Velcro.**

**5**  
**Lift the mask off of your head.**

**6**  
**Leave the tail out for easy cleaning.**  
Make sure to clean every mask to help prevent spreading germs to the next player.

**7**  
**Use a bleach-free disinfecting wipe and clean each mask.**  
We recommend using only 1 wipe per mask to help prevent spreading germs.

**8**  
**Wipe the forehead area of the mask.**  
Make sure all sweaty surfaces are wiped clean.

**9**  
**Wipe the interior eyes, nose and mouth areas of the mask.**  
Make sure you thoroughly wipe all surfaces - especially the mouth area - to help prevent the spread of germs.

**10**  
**Wipe the exterior mouth ventilation holes of the mask.**  
Make sure you thoroughly clean the outside mouth area to help prevent the spread of germs.

**11**  
**Place the strap in the eye area of the mask.**  
This will help keep the masks in good working order for the next game or for packing.

**12**  
**Stack the masks together for the next game or for packing in a bag.**  
The masks stack together to stay clean and organized for your next game.

**PLEASE WASH YOUR HANDS** Handling and cleaning masks can leave germs and chemicals on your hands.
